

## ROLLING TOOL CADDY

### FEATURES

Features retractable handles, large interior and exterior organizational pockets, and smooth rolling in-line skate wheels.

#### Push button retractable handle

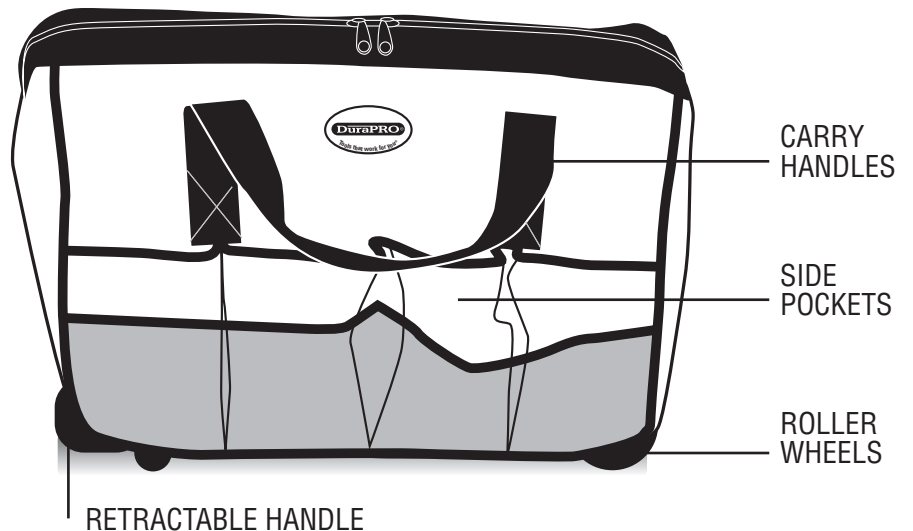

Locks when fully extended so you can push or pull your case. The handle also locks when fully retracted, greatly reducing the risk of damage when not in use.

#### Carry handles

Allows you to lift the case with ease and comfort, or carry it by hand when rolling isn't an option.

#### Polyester In-line skate wheels

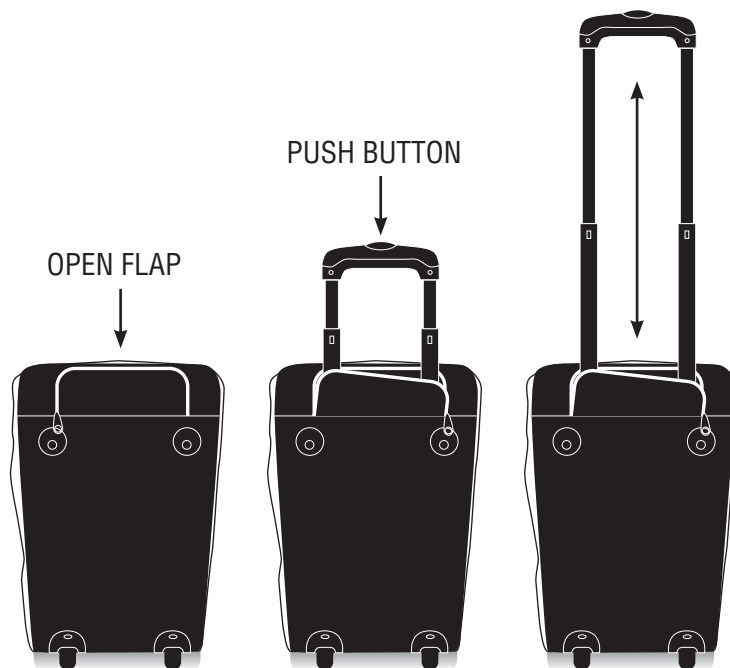

Constructed of polyurethane with ball bearings to minimize frictional resistance, offer durability and reduced resistance for smooth rolling.

### PULL HANDLE OPERATION

To operate the retractable handle, locate the zippered pocket on the bottom of the bag.

1. Unzip flap to reveal handle
2. Depress button on the center of the handle and pull out to full extension. Handle will lock in place when pulled out all the way.
3. To store handle, push button and hold while sliding handle back into the bag. Zip flap to close and protect handle
